

SCOLIOS-US MENTOR PROGRAM

Navigating scoliosis isn't always easy, but it sure is easier with someone cheering you on.

What is the Scolios-us Mentor Program?

The Scolios-us Mentor Program gives you the opportunity to connect with a mentor who knows exactly what you're going through and can support you on your good and bad days. Whether you are beginning Schroth therapy or bracing or heading into surgery, your mentor knows what it's like and will be a listening ear and source of support. Especially when you first find out about your scoliosis, talking with a fellow scoli warrior can be incredibly powerful and helpful as you adjust to a new normal.

Want to get matched with a mentor?

Visit the Mentor Program page on **bracingforscoliosUS.org** or scan the QR code to sign up! The three-step sign-up process ensures that all participants are joining the program for the right reasons. After finishing the sign-up process, you'll be welcomed into our group chat.

Already a pro?

Sign up to become a mentor and help scoli kids and teens transition into the world of scoliosis treatment! To sign up, visit our website!

Join the Mentor Program Community

Another huge benefit of our Scolios-us Mentor Program is connecting with fellow Mentor Program participants through group chats and video calls. Our team leaders, advisors, and mentee and program coordinators help welcome you into this community. You are not going through this alone – *you are part of a whole community that is rooting for you!*
